| Public Limited Company                            | Public Corporation                        |
|---|---|
| i)Owned by Shareholders                           | i)Owned by the Government                 |
| ii) Formed under the Companies Act                | ii) Formed by an Act of Parliament        |
| iii) Main source of capital is the sale of shares | iii) Capital comes from the government    |
| iv) Directors elected by shareholders             | iv) Directors appointed by the government |
| v) Formed mainly to make profits                  | v) Formed to provide essential services   |
| vi) Profits shared by shareholders as dividends   | v) Profits go to the government           |
|   |   |
|   |   |
|   |   |

7. Highlight four advantages of mail-order business.

(4 marks)

- They save the business the cost of renting offices
- They reach customers who far away from the shopping centres
- Does not require the services of sales personnel/ requires few employees
- No need for skilled labour since selling is routine
- May not require transport facilities
- Stocks according to requisition so no cases of overstocking
- Customers are able to select their purchases and order from home
- -

8. Give four reasons for the popularity of Mpesa as a means of payment in Kenya.(4 marks)

- Confidentiality/ safety secret PIN protects the Customer's mpesa account
- Ease of use the service is easy to use
- Speed money transfer is instant/ fast
- Convenient- sender and receiver just need to go to the nearest agent to transact
- Accessible Mpesa agents are located in most parts of the country
- Affordability the charges for mpesa transactions are relatively low
- -
- 9. The following balances were extracted from books Hussein trades on 30<sup>th</sup> October 2009.

| Cash         | 20,000  |
|--------------|---------|
| Bank         | 160,000 |
| Premises     | 200,000 |
| Debtors      | 40,000  |
| Creditors    | 95,000  |
| 2 years loan | 258,000 |
| Stock        | 210,000 |

| Prepare a balance sheet (5 mks) |                 |                |                             |         |  |  |  |  |  |
|---------------------------------|-----------------|----------------|-----------------------------|---------|--|--|--|--|--|
|                                 | Hussein traders |                |                             |         |  |  |  |  |  |
|                                 |                 | Ba             | alance sheet                |         |  |  |  |  |  |
|                                 |                 | As a           | t 30 <sup>th</sup> oct 2009 |         |  |  |  |  |  |
| Fixed asset                     | Shs             | Shs            | Capital                     | 277,000 |  |  |  |  |  |
| Premises                        |                 | 200000         |                             |         |  |  |  |  |  |
| Current assets                  |                 |                | Long term liabilities       |         |  |  |  |  |  |
| Stock                           | 210,000         |                | 2 year loan                 | 258,000 |  |  |  |  |  |
| Debtors                         | 40,000          |                | Current liabilities         |         |  |  |  |  |  |
| Bank                            | 160,000         |                | Creditor                    | 95,000  |  |  |  |  |  |
| Cash                            | 20,000          | <u>430,000</u> |                             |         |  |  |  |  |  |
|                                 |                 | <u>630,000</u> |                             |         |  |  |  |  |  |

10. State four reasons for government involvement in business activities. (4 marks)

- To create employment
- To attract foreign investment
- To provide essential goods and services
- To produce goods and services that require a large amount of capital
- To produce goods and services that are too sensitive to be left in private hands
- To prevent foreign dominance
- To protect consumers from exploitation
- 11. Outline four problems associated with boda boda (motor cycle) as a means of transport. (4 marks)
  - They have a small carrying capacity / carry a limited amount of goods
  - The riders are careless/not trained, thus they cause a lot of accidents on the roads
  - Are only suitable over short distances
  - Cause/contribute to the congestion on the roads
  - Affected by adverse weather conditions

12. For each of the statements below, state the appropriate term as used in insurance. (4mks)

| Statement  | Term                      |
|--|---------------------------|
| a)Specified amount of money paid at regular intervals by the |                           |
| insured to the insurer for coverage against losses           | Premiums                  |
| b)People employed by an insurance company to compute         |                           |
| expected losses and value of premiums                        | Actuaries                 |
| c)Amount of money refundable to the insured by the insurer   |                           |
| in case the former terminates contract before it matures     | Surrender Value           |
| d) Loss incurred by a business as a result of disruption of  |                           |
| business in the event of the insured risk occurring          | <b>Consequential loss</b> |

## 13. Highlight four problems that would be experienced by consumers in the absence of warehousing. (4 - 1S)

(4 markS)

- Supply of goods would not be steady
- Prices would be unstable
- Goods would be of poor quality
- Some goods would not improve in quality
- Buyers would not be able to inspect the goods before buying
- -
- 14. State four benefits of advertising to a consumer.

(4 marks)

(4 marks)

- Consumers are educated on how to use the goods
- Consumers are informed about the offers in the market
- Consumers benefit from reduced prices from competitive advertising
- Information about price and other features of the product is availed
- Customers enjoy wide variety of goods produced as firms strive to outdo each other
- Consumers are made aware of goods available in the market
- Consumers are informed on where to get the product

15. Identify the source documents used to record the following transactions in the books of original entry.

|                     | (T marks)            |  |
|---------------------|----------------------|--|
| Transaction         | Source Document      |  |
| a) Credit purchases | Incoming Invoice     |  |
| b) Sales returns    | Outgoing Credit Note |  |
| c) Cash sales       | Outgoing Receipt     |  |
| d) Cash purchases   | Incoming Invoice     |  |

- 16. Outline four circumstances that may make a producer to bypass the wholesaler when distributing his goods. (4 marks)
  - When the goods are perishable in nature
  - If government policy requires that the product should not be sold through wholesalers
  - If the wholesaler is not playing an important role in the distribution
  - When level of competition is high/ the producer wants to compete favourably
  - When producer wants to have direct personal contact with the customers
  - When product is tailored to customer satisfaction
  - When the value of the product is high
  - If there is need to avoid increase in price of product
  - If producer is operating on a small scale/ quantity produced is low
  - I the producer is able to bear the risks/ costs in distribution
- 17. Highlight four external economies of scale that a firm may enjoy as a result of growth in the industry. (4 marks)
  - Firms may get skilled labour
  - Ready market from surrounding industries
  - Firms may be able to dispose of waste products easily
  - Improved infrastructure
  - Auxiliary services eg banks, post offfices etc
  - Easy access to raw materials

- Mutual consultation/collaboration
- 18. Highlight four characteristics of oligopoly market structure.
  - Few large firms controlling a large share of the market
  - Products may be homogeneous or differentiated
  - Some firms get involved in collusion to maximize profits
  - Firms are interdependent
  - Faces price rigidity/ kinked demand curve
- 19. State the type of unemployment relating to each of the following descriptions: (4 marks)
  - a) Caused by alternating trading patterns occurring at similar times -Cyclic Unemployment
  - b) Arises where workers have more skills and higher qualifications than the job requirements **Disguised/ Hidden Unemployment**
  - c) Arises out of a mismatch between the skills possessed by potential employees and the location of the jobs available **Frictional Unemployment**

(4 marks)

- d) Arises when people are unwilling to take up jobs due to low pay **Real Wage / Voluntary Unemployment**
- 20. The diagram below shows a change in the supply of a product. Outline four factors which may have caused such a change. (4 marks)
  - Decrease in the cost of production
  - Increased availability of factors of production
  - Improvement in technology
  - Favourable government policy
  - Future expectation of decrease in price
  - Favourable natural factors
  - Entry of new firms into the industry
- 21. The following information relates to Jumbo Traders on 31/12/2020

| Details                | Shs     |
|------------------------|---------|
| Capital (1/12/2020)    | 940,000 |
| Net loss               | 20,000  |
| Additional Investments | 420,000 |
| Monthly drawings       | 5,000   |

Determine the capital as at 1/01/2021

(3 marks)

CC = OC + I - L - D

CC = 940,000 + 420,000 - 20,000 - 60,000

= 1,360,000 - 80,000

= <u>Sh. 1,280,000</u>

## 22. Outline four roles played by the Nairobi Securities Exchange in the Kenyan economy. (4 marks)

- Facilitates buying of shares
- Facilitates selling of shares
- Safeguards investors interests
- Provides useful information
- Assists companies to raise interest
- Creation of employment
- Raising revenue for the government
- Availing variety of securities
- Fixing prices of shares
- Measure of the country's economic progress
- Promotes the culture of saving
- 23. Listed below is a set of transaction. In each case state whether the transaction will increase, decrease or have no effect on capital. (4 marks)

|    | Transaction                           | Effect    |
|----|---------------------------------------|-----------|
| a) | Additional cash invested by the owner | Increase  |
| b) | Receiving cash from a debtor          | No Effect |
| c) | Bought goods on credit                | Increase  |
| d) | Owner takes some stock for own use    | Decrease  |

- 24. Mention four disadvantages of an ageing population to a country. (4 marks)
  - Less mobile labour force
  - Low labour supply
  - High dependency ratio
  - Less progressive society
  - Fall in demand for goods and services used by the youth
  - Increased burden of pension/ taking care of the old

25. Given below is a cash book extract from the books of accounts of Patel Enterprises.

| Dr    |         |   |          |        |        |       |           |   |          | Cr     |        |
|-------|---------|---|----------|--------|--------|-------|-----------|---|----------|--------|--------|
| Date  | Details | F | Discount | Cash   | Bank   | Date  | Details   | F | Discount | Cash   | Bank   |
|       |         |   | allowed  |        |        |       |           |   | received |        |        |
| 2009  |         |   |          |        |        | 2009  |           |   |          |        |        |
| 1/12  | Bal     |   |          | 1,500  | 90,000 | 14/12 | Bank      | С |          | 30,000 |        |
|       | b/d     |   |          |        |        |       |           |   |          |        |        |
| 2/12  | Rono    |   | 2,000    | 36,000 |        | 20/12 | Equipment |   |          |        | 80,000 |
|       |         |   |          |        |        |       |           |   |          |        |        |
| 14/12 | Cash    | С |          |        | 30,000 | 30/12 | Drawings  |   |          | 7,000  |        |
|       |         |   |          |        |        |       |           |   |          |        |        |

pg. 6

In relation to the entries appearing in the cash book extract, state the transactions that took place on each of the following dates. (4 marks)

- a) 2<sup>nd</sup> December 2009: Received cash Sh. 36,000 from Rono, having allowed him a discount of Sh. 2000
- b) 14<sup>th</sup> December 2009: Deposited Sh. 30,000 into the bank from the cash till
- c) 20<sup>th</sup> December 2009: Bought equipment worth Sh. 80,000, paying by cheque
- d) 30<sup>th</sup> December 2009: Patel/owner took Sh. 7,000 cash from business for personal use
