GRADE 4 TERM 1 SOCIAL STUDIES

LESSON NOTES

NATURAL AND BUILT ENVIRONMENTS

Natural environment

- Natural environment refers to all living and non living things that occur naturally

Compass direction

- A compass is used to tell direction of one place from another
- The compass has four points namely:
 1. North
 2. South
 3. East
 4. West
- The points of a compass are called **cardinal points**.
- A compass is used to show direction on a map The arrow of the compass always point to the north East shows the direction from which the sun rises.
- West shows the direction to which the sun sets.

Using cardinal points to give direction

PUPILS ACTIVITY

PAGE 4-9

Eight compass points

- There are four other points of a compass that are found between four cardinal points.

NORTH WEST

NORTH

NORTH EAST
